

LCSD#2 Annual Preschool Census

The preschool census will be conducted January 5- 25, 2017. The purpose of the census is to account for children ages 0 – 5 and not enrolled in LCSD2. Results help guide LCSD#2 in planning for future growth. Results also allow elementary schools to send enrollment information to next year's incoming Kindergarten families.

There is the option to complete the survey online starting now. The link to the survey can be found at https://lcsd2.qualtrics.com/SE/?SID=SV_4YFAXxfqL3SoGZn or directly with the QR Code below.

Surveys completed online should help us reduce the need for phone calls/door to door census taken in January. Census takers will try to get most information through phone calls, but will go door to door if needed.
